Science Wear - Aprons, Shirts, or Lab Coats decorated with cells as well as options for astronomy, chemistry, and more! Thanks to Jody Hodges for developing this great project! Students use permanent markers or fabric paint to create their own attire by coloring the lettering and adding diagrams of cells.

This 3rd Edition of Exploring Creation with Physical Science course was completely rethought and rewritten with your student in mind. This is not the same as 2nd Edition and covers more physical science information. The text discusses atomic structure, periodic table, chemical bonds, reactions and energy, motion, forces, energy, waves and sound, light, electricity and ...

About. The Astronomy Department at the University of Washington (UW) began in 1965 and has grown to 15 full and part-time faculty, approximately 20 postdocs, and 30 graduate students.
